DOLLAR REWARD SOAP
Washes without rubbing; Removes Pitch, Tar, Paint, Grease, Sweat and Leather Stains, &c.:- Washes with Hot or Cold Hard, Soft, or Salt Water; Saves Labor, Time, Fuel, Clothes, and Money. Clothes washed with it wear twice as long as if washed with common soap. One pound of it will wash from ten to fifteen dozen pieces of ordinary family washing. It washes the finest lace with all fabrics, and renders all articles as clear and bright as new.
The Dollar Reward Soap.
Try it in the Bathroom; it leaves the skin cool, smooth and soft. Use it to cleanse your marble Mantels, Marble Door-steps, &c., and Brick Walks and Alleys. Use it with scouring brick in cleansing Tin or Steel; it saves half the labor, and gives a better appearance. It makes Tin Ware shine like new and has no equal in cleansing glass or china. Dissolved in boiling water, it makes the best and cheapest soft soap in the world.

MEDICAL.

HOME STOMACH BITTERS.

ARE ENDORSED AND PRESCRIBED BY more leading Physicians than any other Tonic or Stimulant now in use. They are

A SURE PREVENTIVE

For Fever and Ague, Intermittents, Biliousness and all disorders arising from malarious causes. They are highly recommended as an **Anti-Dyspeptic**, and in cases of **Indigestion are Invaluable.** As an **Appetizer** and **Recuperant**, and in cases of **General Debility** they have never in a single instance failed in producing the most happy results. They are particularly

BENEFICIAL TO FEMALES,

Strengthening the body, invigorating the mind, and giving tone and elasticity to the whole system. The **Home Bitters** are compounded with the greatest care, and no tonic stimulant has ever before been offered to the public so PLEASANT TO THE TASTE and at the same time combining so many remedial agents endorsed by the medical fraternity as the best known to the Pharmacopoeia. It costs but little to give them a fair trial, and

Every Family Should Have a Bottle.

No preparation in the world can produce so many unqualified endorsements by physicians of the very highest standing in their profession.

Endorsed also by the Clergy and the leading denominational papers.

UNITED STATES MARINE HOSPITAL,
St. Louis, Mo., Oct. 8, 1870.

JAMES A. JACKSON & Co— I have examined the formula for making the "Home Stomach Bitters," and need them in this hospital the last four months. I consider them the most valuable tonic and stimulant now in use. S. H. MELCHER, Resident Physician in charge U. S. Marine Hospital.

JAMES A. JACKSON & Co—Gentlemen: As you have communicated to the medical profession the recipe of the "Home Bitters" it cannot, therefore be considered as a patent medicine, no patent having been taken for it. We have examined the formula for making the "Home Bitters," and unhesitatingly say the combination is one of rare excellence, all the articles used in its composition are the best of the class to which they belong, being highly tonic Stimulant, Stomachic, Carminative, and slightly Laxative. The mode of preparing them is strictly in accordance with the rules of pharmacy. Having used them, seen the effects in our private practice, we take pleasure in recommending them to all persons desirous of taking Bitters as being the best Tonic and Stimulant now offered to the public.

The Next King of Britain.

If Queen Victoria is really afflicted with the hereditary Guelph madness, as reported will the English people accept her eldest son for their sovereign? It is a significant circumstance that many Englishmen besides Mr. Odger and other British Reds say "No," even at this stage of proceedings. But it is feared that a majority of the people are not yet ready to join them. One or two reputable newspapers inveighing against the dissoluteness of Albert Edward, a few guarded sentences in the *Times* about the Queen's withdrawal from all her public duties, now and then a delphic utterance of Mr. Disraeli or some other prominent statesman, and occasional meeting of Radicals to protest against any more outdoor relief to the paupers of the royal family—these things seem hardly sufficient to found the hope of an English Republic upon. But when the crisis comes—when the question is between the Prince of Wales and a possible revolution, or a constitutional change that shall save the nation both from violence and from the disgrace of submitting again to a George IV—who can tell what rapid and unexpected changes in popular sentiment may occur?

The mere formal difficulties of changing the constitution would give no trouble whatever to the American or to the French people. But the English are slavish followers of precedent, and are incredibly timid about venturing a step beyond what is warranted by existing laws and the present constitution. If the nation were American or French, in order to prevent the accession of an undesirable monarch, it would only be necessary for the House of Commons, in accordance with the will of the people, to assume full constituent powers, and, as the sole agent of the nation's will, the great repository of sovereign power, to change or abolish the succession by law. This would involve a great change in the functions of the ministry who now act theoretically as agents of the monarch. It would also necessarily involve a denial of the right of the House of Lords to exercise co-ordinate powers with the Commons, for no House of Lords that will assemble during this century can be brought to consent to the abandonment of an obsolete institution, the existence of which excuses its own because it is still more unreasonable, barbarous and wicked.

These obstacles, which in another country would no more impede a determined popular movement than cobwebs would delay the progress of an elephant, will no doubt postpone for some time the "legal" abolition of the monarchy, if such a thing can be. The time for action would pass while the younger sons of peers in the House of Commons were solving mere technical difficulties. Imagine for instance, such a contingency as the death of the Queen. The theory of the Constitution is that there can be no interregnum, and the reign of Albert Edward would begin the instant the breath left Victoria's body. Imagine the Commons refusing to recognize the ministers he would appoint! The lower house of the British Parliament is still far enough from being a popular assembly, notwithstanding the "reform bills" that have been passed within the last forty years. The working classes have only two or three representatives, while the landed proprietors, the great capitalists, the peers, in short, the aristocracy, have all the rest. Relief from the burden of monarchy is much more likely to come from an uprising of the people than from such a legislature.

A True Story of General Butler.

WATERVILLE, Sept. 29th, 1871.

MR. EDITOR,—Many apocryphal stories have been told of Gen. Butler's career as a student at the college in this town. The one I am about to tell you is, I regret to say true in every particular. It is certainly a strong confirmation of the popular impression in regard to the Massachusetts Congressman's moral character.

When young Butler left Waterville on taking his degree, he took "French leave," of two persons—the young lady to whom he was engaged to be married and the merchant who trusted him for his "graduating suit" of clothes. He never reopened communication with either party. Regard for the feelings of a most estimable lady who is still living, forbids me to say more in regard to his broken vows. But in reference to that "commencement suit" there is need of no reticence.

Ten years passed over the patient merchant's head while he was waiting to hear from his creditor who was growing rich and famous as a lawyer in Lowell. It was not till the expiration of that time that he addressed to Butler a polite note reminding him of the forgotten debt. To this note Butler did not condescend to make any reply whatever. A year or two afterwards the merchant, happening to be in Lowell, called at his debtor's office. The scene that ensued was entirely characteristic. On being reminded of his unhandsome conduct Butler earnestly denied ever receiving any communication whatever from his creditor. Afterwards, a dispute arising as to the amount of his indebtedness, he grew extremely violent and abusive, *ut suus mos est*, and finally, in his intense excitement, produced in confirmation of his own statements *the very letter the existence of which he had just denied!* His attention being called to the equivocal position in which he had placed himself, he vouchsafed no reply, being for once in his life at a loss for an answer. Finally, after a long conversation which was mainly a succession of expletives on Butler's part, he produced the amount of the bill, and, handing it to the merchant, demanded a receipt, persistently refusing to pay any interest. The creditor, however, refused to receipt the bill, saying that he would give Butler credit for the amount received, and withhold the receipt till the interest was paid. Here Butler renewed his vituperative language, and, his conduct becoming too outrageous for endurance, the merchant demanded instant payment of the entire debt. This Butler refused with louder roars than ever. "Mr. Butler," said the merchant, "you can take your choice; either pay this entire bill within the two days that I remain in the city, or I will sell it at public auction in front of your own door." At this the hero of Big Bethel and Fort Fisher fairly foamed at the mouth, but when his visitor had reached the street he called him back and paid him without more ado.

The Visit of Trinity Commandery K. T.

DOVER, N. H., Sept. 30, 1871.

Editor Press:—Trinity Commandery, Knights Templar, of Augusta, Sir Knight A. D. Knight, Eminent Commander, accompanied by the Augusta Band, E. E. Patterson, leader, arrived here this forenoon at 10 50, on the Boston 8 30 express. They left Augusta Wednesday noon at 12 o'clock, and arrived in Boston Wednesday evening on a visit to the Hugh de Payen Commandery, of Melrose. On their way they were met here at the depot by a committee of the St. Paul's Commandery, of this city, and invited to stop over Saturday noon on their return, which invitation was cordially accepted.

The Trinity made their headquarters at the Waverley House, Charlestown, Thursday morning.

(This visit to Melrose was a return compliment for the visit of the Hugh de Payen's to Augusta two years since.)

Thursday morning the Hugh de Payen Commandery, of Melrose, accompanied by Gilmore's Band, Arbuckle, leader, escorted the Trinity to East Somerville, where they took the cars for Melrose. They marched about that pleasant town and partook of a sumptuous dinner. They afterward marched to Melrose where they were entertained by several Sir Knights, returning to Charlestown quartering at the Waverley House.

Friday, at 11 a. m., they were escorted by the Hugh de Payen's to Boston, visiting Masonic Temple and other localities. In the afternoon a banquet was given them at the Waverley House and it was one of the finest occasions of the kind ever occuring.

In the evening they were given a grand ball at Melrose—a brilliant affair. This (Saturday) morning they left for home as already stated and arrived here on (a) time.

They were received at the depot by St. Paul Commandery, Sir Knight Joseph W. Welch, Eminent Commander, accompanied by the Dover Cornet Band, W. J. Newell, leader.

Commander Welch welcomed the Trinity's in a neat speech to the hospitalities of the city as guests of the St. Paul's.

Commander Knight made an appropriate response, full of true chivalric feeling and regard.

After marching through the principal streets and viewing the pleasant localities of this charming city, a bountiful dinner was given to the Trinity's at Masonic Hall. In the grand hall there was singing, jokes, general hilarity and enjoyment. Sir Knight Russell, of the Trinity's, who had been presented with an "elegant" bouquet, at Melrose, which it is hard to "beat," was here presented with a magnificent newsharp. He made a musical response. Capt. General J. T. Woodard, of the Trinity's, made a fine speech thanking the St. Paul's for their splendid hospitality, and hoped that they could visit them at Augusta.

Commander Welch replied alluding to the pleasure it gave the St. Paul's to entertain the Trinity's on this occasion, and referred to the early union between Maine and New Hampshire two hundred and twenty-five years ago.

Sir Knight W. L. Thompson, of Augusta, formerly of Dover, made a pleasant speech, recalling old times here, expressing his deep regard for his old friends of the Cocheco city in feeling terms.

Mr. Howard Owen, of the Kennebec Journal, guest of the Trinity's, was called upon and made a capital speech full of hits and cordiality, causing much merriment and applause.

Mr. Geo. W. Boody and Frank Vickery, of Dover, and Mr. Ansell, of Augusta, sang several capital songs. The occasion closed with Auld Lang Syne.

Mr. Howard Owen, while at Melrose, was presented by the Trinity Commandery with a splendid gold headed ebony cane, as a testimonial of regard. It is a worthy compliment to a popular and genial gentleman.

The Trinity's were escorted to the depot, the two bands uniting, playing finely. At 3 p. m. they left for Augusta *via* Portland, amid the interchange of rousing cheers and good wishes. It was truly a most pleasant affair.

JUNIOR.

Fine Arts, Musical Instruments, &c.

The Committee on Fine Arts, Musical Instruments, &c., report.

PAINTINGS, &c.

There was an extensive and generally excellent exhibition in this department, embracing oil paintings, chromos, water colors, crayons, and pencil sketches.

The largest entry was made by Mr. Henry Taylor, who exhibited 14 oil pieces and 20 chromos. The oil paintings were mostly by Harry Brown, and well illustrated his rapid and vigorous style. And most of the chromos were of the highest degree of excellence that has yet been reached in this line of art.

Mr. E. B. King, who makes a speciality of dealing in German chromos, exhibited 18 very fine pieces, and one oil painting, either of which was worthy of a place in any parlor in the city. The Germans take the highest stand in chrome lithography.

Schumacher Brothers furnished a fine painting of Gulliver among the Lilliputians, which at least highly amused those who were not capable of judging of its merits. They also exhibited several chromos of rare excellence.

Mr. E. F. Hale exhibited Norton's fine oil piece "Towing in the Disabled Ship," a chromo of Sonntag's "Eagle Cliff," and other beautiful pieces.

The foregoing were not entered for premiums.

H. H. Wilder entered a superior photograph finished in oil—award, a diploma.

A crayon copy of "Pharaoh's Horses," by Julia W. Griffin, merits the award of a diploma.

Mr. John M. B. Mead had two pieces in oil, of trouts, &c., which were considered exceedingly fine, and worthy of a diploma.

"Autumn Leaves," by Cora J. Gower, were natural as if painted by Nature.

Of the several pencil sketches, all deserving of honorable mention, those of Mr. John C. Stevens were considered as worthy of a diploma.

Mrs. S. C. Pierce entered several fruit and flower pieces in water colors, most beautifully executed. Award, a diploma.

A crayon head of a child, by Miss Sallie Crocker, was delicately finished.

Two worsted pictures, by Mrs. G. D. Miller, in which the colors were artistically blended, and the whole admirably executed, were considered worthy of a diploma.

Mr. Henry A. Merrill entered two good pencil pictures.

MUSICAL INSTRUMENTS.

In this line, the only entries made for premiums were two cabinet reed organs, by Messrs. Small and Knight, manufacturers, of this city, and a large reed church organ, by Wm. P. Hastings, who has so long and successfully carried on this branch of manufacture here. The committee award a diploma to Mr. Hastings on the church organ, and a diploma to Messrs. Small & Knight, for their excellent cabinet organs.

Messrs. Hawes & Cragin exhibited one of the Burdett Combination Organs with Campanella attachment—which attracted much attention.

Mr. S. F. Cobb from his establishment 2 Deering Block sent in a fine Piano of the McPhail (Boston) manufacture, and two of Geo. Woods & Co's Cabinet organs, very nice instruments.

SEWING MACHINES.

The examination of the department appropriated to Sewing Machines was confided to this Committee; and having a sense of their responsibility in the matter, they spent much time in examining as to the relative merits of the numerous machines that are before the public, and came to the conclusion that each has some special excellence to recommend it.

The time has gone by when, if an article of clothing ripped in the sewing, the owner would receive the comforting assurance "O, that is machine work!" We have not forgotten our experience, when traveling "in a far country" on horseback, and some forty miles from everywhere, with but one suit of clothes, we suddenly experienced a sense of giving out in our nether garment, and how this increased until our unmentionables were about divided into a garment for each limb—and how like a martyr we stood the raillery of our companions, when we were obliged to descend and go into the tailoring business on our own hook, (thanks to the lady who presented us with a needle book and the necessary accompaniments!) and repair damages to the best of our ability. It was *machine* work!

But this defect has been remedied, and in many respects now, machine work is quite as substantial as hand work, to say the least.

The Wheeler & Wilson machines, of which Messrs. Read & Stone, 145 Middle street, are agents, seem to combine in a great degree the special qualities claimed for many others, and in our estimation unsurpassed.

The Weed, known as the "Family Favorite" of which Messrs. S. W. Eaton & Son, 103 Middle St. are agents, well deserves its name, for its many special adaptations. It needs no advertising.

The American Button-Hole Machine can but excite the admiration of the beholder while witnessing the facility and evenness with which it completes a button-hole—making, under a skillful workman, three in two minutes, while by hand it requires at least ten minutes to execute a first rate button-hole. It is claimed by the agent of this machine, five kinds of sewing can be well done, more than any other machine accomplishes.

The Elias Howe Machine, of which Messrs. Plummer & Wilder 173 Middle Street, are agents, for very nice and delicate work, as well as for most of the substantial modes of sewing, has no superior.

The Eliptic, of which Messrs. J. S. Baker & Co. 120 Middle Street are agents, claim some specialties to which, so far as we could perceive, it is entitled. Besides these Messrs. Baker & Co. deal in the Howe and the Weed machines, *et cet.*

Our well known energetic and enterprising townsman, W. S. Dyer, 158 Middle Street, whilst he deals in and repairs, all kinds of other machines, seems to fix his affections on the Florence, and claims, while it is equal to the best, it will "wear twice as long as any other shuttle machine." And what he does not know about sewing machines is not worth knowing!

Mr. D. H. Young, 166 Middle Street, deals in the Ætna, and considers it second to none—particularly the improved Ætna. But his business includes almost all others, so that purchasers may make their own selections.

Thus, we believe we have examined all the entries made—and in the end have come to the conclusion, that if these is such a thing as perfection in the art of sewing, it has been arrived at through these ingenious, these exhaustive, these wonderful instruments.

Per order,
S. B. BECKET, Chairman.

REPORT ON NATIVE WINES.

The special committee appointed to examine the domestic wines on exhibition, report that the only samples presented were from the vintage of M. Keller, California, and that during the four days of the fair, through the courtesy of Mr. H. N. Ruggles, the agent in charge, ample opportunities were afforded for tasting and testing them. There were seven varieties, *Port, Sherry, Madeira, Angelica, White wine, Hock and Eldorado.* There were also exhibited samples of *wine bitters* and brandy.

These wines are all of fine quality, and though differing in flavor from foreign wines of the same classes, are pronounced by competent judges equal to them in every characteristic; and your committee cordially endorse this judgment, and express the hope that the day is at hand when the importation of wines shall cease altogether, or that less favored nations shall be largely supplied from the vineyards of the United States. All nations crave stimulants of some kind. From the earliest ages of the world the juice of the grape has been freely drunk and has made glad the heart of many a wearied sage and soldier, divine and statesman. But in colder climes the vine does not flourish, and hence it is that northern people have unhappily resorted to such alcoholic liquors as are distilled mainly from corn and cane, while the more southern rejoice in the use of the comparatively harmless production of the vineyard.

Your committee would especially notice M Keller's *wine bitters* by adopting the language of a report of the Hon. G. N. Lawrence, made to the Commissioner of Agriculture, in 1867. "This wine bitters is commended as a superior substitute for the alcoholic compounds now sold to the public." And adding, than they have the taste of pure wine but little disguised by a bitter herb, and yet they at once diffuse through the system a grateful warmth that arouses without irritating."

As to M. Keller's Brandy, your committee would simply adopt the words of one whose experience entitles his judgment to respect. "It is smooth and pleasant to the taste, and there is no headache in it."

No premiums are offered for these wines; but your committee deem them worthy of special consideration and recommend that a gold medal be awarded for the wines, and another for the wine bitters.

Per order of the Committee.
A. HAINES, Chairman.

VEGETABLES.

The committee on vegetables recommend the following premiums:

For best Hubbard squash S. R. Sweetser, $1 00; best marrow squash, G. M. Allen, $1 00; best 6 heads celery, T. C. Hersey, $1 00; best 6 heads cabbage, A. W. Peables, $1 00; best 6 English turnips, G. M. Allen, $1 00; best 12 ears sweet corn, G. M. Allen, $1 00; best 25 tomatoes, G. W. Woodman, $1 00; best display of vegetables, City Farm, $5 00; 2d best display, G. M. Allen, $3 00; 25 parsnips, J. B. Brown, $1 00; cantelope melons, George W. Woodman, $1 00; citron melon, Milton Dyer, $1 00.

Your committee notice with pleasure several fine displays of vegetables, besides those to whom they have awarded premiums. The show of squashes, by Geo. W. Woodman, and by Alfred Woodman, attracted special attention. A. J. Parker exhibited a bushel of "King of the Earlies"—a very large potatoe and "fair to look upon." As field crops come under the jurisdiction of the County Society, your committee limit themselves to this simple notice.

In truth, there was a great variety of vegetables for the exhibition—of which your committee would express the grateful acknowledgments of the Society; but the samples were too numerous to receive extended notices in this report.

Per order of Committee.
A. HAINES, Chairman.

Additional Premiums.

The following completes the list of premiums awarded by the Agricultural and Horticultural Societies:

Sugar, Honey and Bread—Joseph Bachelder, best honey $3; same, best hive of bees at work (hybrids) diploma; Alms House, best loaf of bread from domestic flour $5; Mrs. Ulmer, best case cake, gratuity $3 and diploma; Geo. ANDROSCOGGIN COUNTY.

The Lewiston Journal says the freight receipts at Danville Junction were over $60,000 for the month of August.

The Journal says there are over 600 French Canadian families now in Lewiston. The last family was a patriarchal one, with eighteen children, fourteen of whom are girls. Only about half of the French Canadians in this city speak English. Two French stores are kept Lincoln street and some of our dry goods and other stores on Lisbon street have clerks who speak the *patois.*

AROOSTOOK COUNTY.

Early Rose potatoes of a pound, and pound and a half in weight, are an every day affair, with those who have cultivated this new and excellent variety in the vicinity of Houlton, says the Times.

The Houlton Times says the wells in that section have never been so dry as at this time, within the recollection of the oldest inhabitant. Many wells that never were known before to go dry have given out. It will require heavy rains to replenish them.

KENNEBEC COUNTY.

The Kennebec Journal says Mr. Samuel W. Huntington, of Hallowell, received severe injuries Friday at Hallowell by attempting to get on the passenger car of an outward bound freight train after the train was in motion. He was thrown against the depot platform and then fell upon the track behind the train.

The Lewiston Journal says Mr. Cyrus F. Tapley of Wayne, died Thursday morning very suddenly. He was in the enjoyment of his usual health the day before and attending to his business—farming—a portion of the day. He picked cranberries standing in water above his ankles, and although his feet were kept dry by rubber boots, they were not kept warm. At supper he complained of dizziness, but ate as usual, attended to his stock, retired, and apparently went to sleep. At about half past ten he got up and fell upon the floor, unconscious. Dr. Baker was summoned, who found him cold and almost pulseless. All that human aid could do was done for him, but he could not be roused to consciousness, and at seven o'clock he died. He was 68 years of age.

The Waterville Mail says the walls of the new College building being completed and the roof raised, it looms up lofty and gives good promise of being worthy of its position.

The Gardiner Reporter appears in a new dress and presents a very neat appearance.

LINCOLN COUNTY.

The Wiscasset Oracle says a party of thirty-five persons who went over the K. & L. railroad from Waldoboro to Thomaston, a few days since, were much amused by being stopped twice to have the "bars taken down" across the road.

The Oracle says a curious illustration of the uncertainties of political life is found in the record of the doings of the citizens of Whitefield at the recent election, where one of the candidates for town representative received 53 votes in caucus, and was nominated—at the polls he received 31 votes only and was defeated!

WALDO COUNTY.

Prescott Hazeltine, a prominent and much esteemed retired merchant of Belfast, died Saturday, after a short illness, at the age of about 65.

WASHINGTON COUNTY.

Typhoid fever is prevalent at Baring.

The Calais House is to be again opened, with Mr. Emerson Stoddard as landlord.

The cooper shop of Asa Phipps, in Charlotte, was destroyed by fire Sept. 21st.

The bears have made their appearance in Charlotte.

SPECIAL NOTICES.

Old Things Have Passed Away.

This is at least true of the old method of treating the long abused and much abused human body. It is no longer considered wise to put a patient to the torture in order to cure him of a disease in which pain is already undermining the energies of his system. True science ranges itself on the side of nature, and endeavors to assist in her fight against disease. This is the province of Hostetter's Stomach Bitters, the most approved tonic ever advertised in this country. It may be recommended as a tall medicine, par excellence; for it is in the tall that biliousness, dyspepsia and malarious fevers are especially prevalent. The frame exhausted by the heats of summer, is relaxed and liable at its close, and requires, we may say *demands* artificial assistance. Afford it that assistance in occasional doses of Hostetter's Stomach Bitters, and the evils referred to may be escaped. Throughout the far west, and on the steaming alluvial of the southern rivers, all the varieties of periodical fever are probably rife to day. Had a course of Hostetter's Bitters been commenced by the sufferers a month ago, *i. e.*, before the unhealthy season set in, seven eighths of them would in all probability be in their usual health at the present time. So much for want of foresight. So much for not keeping in the house, and using daily, the best safeguard against epidemic and endemic fevers.

As a flock of imposters and imitators are trying to follow in the wake of the great American remedy, therefore be sure that the article you buy is genuine and verified by the proper trade marks. The true article can only be obtained in bottles. Beware of the spurious bitters sold by the gallon or in kegs.

The Cause and Cure of Consumption.

The primary cause of Consumption is derangement of the digestive organs. This derangement produces deficient nutrition and assimilation. By assimilation I mean that process by which the nutriment of the food is converted into blood, and thence into the solids of the body. Persons with digestion thus impaired, having the slightest predisposition to pulmonary disease, or if there be a cold, will be very liable to have Consumption of the Lungs in some of its forms; and I hold that it will be impossible to cure any case of consumption without first restoring a good digestion and healthy assimilation. The very first thing to be done is to cleanse the stomach and bowels from all diseased mucus, and some which is lodging these organs so that they cannot perform their functions, and then rouse up into action the liver to a healthy action. For this purpose, the surest and best remedy is Schenck's Mandrake Pills. These Pills cleanse the stomach and bowels of all the dead and morbid slime that is causing disease and decay in the whole system. They will clear out the liver of all disease bile that has accumulated there, and arouse it up to a new and healthy action, by which natural and healthy bile is secreted.

The stomach, bowels and liver are thus cleansed by the use of Schenck's Mandrake Pills; but there remains in the stomach an excess of acid, the organ is torpid, and the appetite is poor. In the bowels, the lacteals are weak, and require strength and support. It is in a condition like this that Schenck's Seaweed Tonic proves to be the most valuable remedy ever discovered. It is alkaline, and its use will neutralize all excess of acid, making the stomach sweet and fresh; it will give permanent tone to this impotent organ, and create a good, hearty appetite, and prepare the system for the first process of a good digestion and ultimately make good, healthy, living blood.—After this preparatory treatment, what remains to cure most cases of Consumption is the free and persevering use of Schenck's Pulmonic Syrup. The Pulmonic Syrup nourishes the system, purifies the blood, and is readily absorbed into the circulation, and there distributed to the diseased lungs. There it ripens all morbid matters, whether in the form of abscesses or tubercles, and then assists Nature to expel all the diseased matter in the form of free expectoration, when once it ripens. It is then, by the great healing and purifying properties of Schenck's Pulmonic Syrup, that all ulcers and cavities are healed up sound and my patient is cured.

The essential thing to be done in curing Consumption is to get up a good appetite and a good digestion so that the body will grow in flesh and get fat; then Nature is helped, the cavities will heal, the matter will ripen and be thrown off in large quantities, and the person regain health and strength. This is the true and only plan to cure Consumption, and if a person is very bad, if the lungs are not entirely destroyed, or even if one lung is entirely gone, if there is enough vitality left in the other to heal up there is hope.

I have seen many persons cured with only one sound lung, live and enjoy life to a good old age.—This is what Schenck's medicines will do for cure Consumption. They will clean out the stomach, sweeten and strengthen it, get up a good digestion, and give Nature the assistance she needs to clear the system of all the disease that is in the lungs, whatever the form may be.

It is important that, while using Schenck's medicines, care should be exercised not to take cold; keep in-doors in cool and damp weather; avoid night air, and take out-door exercise only in a genial and warm sunshine.

I wish it distinctly understood what when I recommend a patient to be careful in regard to taking cold while using my medicine, I do so for a special reason. A man who has but partially recovered from the effects of a bad cold is far more liable to a relapse than one who has been entirely cured, and it is precisely the same in regard to consumption. So long as the lungs are not perfectly healed, just so long is there imminent danger of a cold return of the disease. Hence it is that I so strenuously caution pulmonary patients against exposing themselves to an atmosphere that is not genial and pleasant. Consumptives' lungs are a mass of sores, which the least change of atmosphere will inflame. The great secret of my success with my medicines consists in my ability to subdue the inflammation instead of provoking it, as many of the faculty do. An inflamed lung cannot with safety to the patient be exposed to the biting blasts of winter or the chilling winds of spring and autumn. It should be carefully shielded from all irritating influences. The utmost caution should be observed in this particular, as without it a cure under almost any circumstances is an impossibility.

The person should be kept on a wholesome and nutritious diet, and all the medicines continued until the body has restored to it the natural quantity of flesh and strength.

I was myself cured by this treatment of the worst kind of Consumption and have lived to get fat and hearty these many years, with one lung mostly gone, and all the modern improvements. Enquire on the premises or No 25 Emery st. J. A. TENNEY.

YORK COUNTY.

YORK, SS.—SEPTEMBER TERM, A. D. 1871—KENT, J. PRESIDING—AT ALFRED.

THURSDAY.—State vs. Henry B. Romick. Assault with intent to kill his son, Henry R. Mick, at Kittery on June 5, 1871. On motion of his counsel, the County Attorney objecting, he was committed to the Insane Asylum for custody and observation on a plea of insanity.

Yeaton. Smith.

State vs. Frank Sherburne. Compound larceny from store of Wm. H. Emery, of Sanford, March 25th. The first witness, Prescott Emery, son of W. L. Emery, testified that he owned the store and goods, and not his father. Thereupon the County Attorney *nol prossed* and let go for a better hold next term.

Yeaton. Lowe.

SATURDAY.—Jotham Ham vs. John Huse. Parties reside at Shapleigh. Account annexed for lumber furnished nearly twenty years ago, saved from the statute of limitations by the defendant's removal out of the State. Defendant admits that a small sum, three or four dollars, was due plaintiff when he left, for which he gave plaintiff an order on his debtor, Magoun, and supposed it was paid. He says that on his return to Maine some two years ago plaintiff called on him and through compulsion for his old age and poverty he gave plaintiff $15, which was more than the debt. Plaintiff says, "I showed him this bill and he paid me $15, and promised to pay the rest soon and did not keep his promise, hence I is suit." The interest of this fight is in the costs. The plaintiff recovers more than $20 and wins his costs. Verdict for plaintiff for $22 31.

Copeland—for Kimball. I. S. Kimball.

John Gatchell vs. Eben Seaward. Replevin for a yoke of oxen taken at Wells January, 1871. Plaintiff says the oxen were his; that his son, Lyman F. Gatchell, then and now a minor, swapped them without his consent with defendant for a little pair of steers and some boot money, and that he declined to ratify the trade, demanded back his oxen, and failing to receive them brings this suit.

Defence—You gave the oxen to your son some three years before, have always called them his and gave him permission to trade them off.

Reply—No, a right out gift. I did promise him if he raised them up and they were exchanged for a smaller pair he should have a part of the boot money.

As the evidence in the case is that plaintiff's son is affianced to defendant's daughter. The defendant carries the plaintiff's family along with him in this suit and the same old man stands alone. His son and daughter testify *con amore* for his adversary. The defendant called plaintiff's wife as a witness. The old lady looked disappointed when she was denied the knowledge of testifying *against* her husband or at best *for* her son's prospective father-in-law. After the testimony was out, plaintiff's counsel consented to a non-suit.

Robbs. Drew—Hamilton.

Brief Jottings.

The newspapers are discussing the chances of sundry gentlemen for appointment to the Superior bench—when it is vacated by Judge Goddard for the postmaster's chair.

Officers Miles and Gribben arrested several parties Saturday for stealing wood and bark from the Grand Trunk yard.

The towns of Gorham and Standish hold their annual fair and cattle show at Sebago Lake on the 10th of October.

Officer Wyman arrested a rag peddler on Green street Saturday for stealing a canvas covering which had been laid out to dry.

A freight train on the Portland & Ogdensburg railroad ran into a herd of cattle at Standish Friday night, killing three cows and one sheep.

Mr. Roberts, the recently elected second assistant master in the High School, has resigned to accept a situation with a salary of $1600.

Another exhibition of the American Chemical Fire Engine will be given at the foot of Preble street this afternoon at 3 o'clock.

What becomes of all the old horses?

Mr. T. W. O'Brion of Deering, has sent us a magnificent cluster of Black Hamburg grapes grown on a vine planted in the spring of 1870. We return our thanks for it.

After to-day the International line of steamers will make but two trips per week between Portland and St. John.

Every "white coal" of the Portland Light Infantry is commanded to meet at Nathan Gould's tailor shop this evening at 8 o'clock, sharp, to make arrangements for visiting Bangor with the present company this month.

A dispatch from New York, received Saturday afternoon, gives the intelligence that Parepa Rosa will visit Portland Tuesday, January 9th, on which occasion she will appear in the grand concert of the Army and Navy Union course.

The description of Portland vicinity occupies ten pages of Eastman's new volume on the "Eastern Coast," a very readable volume. A Summer Trip to Newfoundland, is one of the articles that pack the October number of this excellent monthly. The third volume begins next month greatly enlarged.

The great military drama of the Union Sergeant will be put in rehearsal this evening, and comrades are requested to be present in good season. The G. A. R. will make this drama the finest exhibition ever presented to the public in this city.

It gives us great pleasure to announce that Mr. John F. Haines, the well known driver, who was injured by being thrown from his sulky at Forest City Park, on Friday afternoon is recovering from the injury and was much better yesterday.

Rev. Dr. Chapin has consented to lecture in the Mercantile Library course.

A very exciting horse race is expected to come off at Forest City Park on Wednesday. There were a great many people ready to assist in the removal of the fruit from City Hall Saturday.

Mr. John P. Davis, of the City Hotel, had his pocket picked of four hundred dollars near the entrance to the Park the closing afternoon of the Fair.

Mr. George W. Morris, son of William T. Morris, for several years connected with the Eastern Express Company, and a young man of fine character and promise, died Saturday at the age of 24 years. He was buried from his father's house on Salem street Sunday afternoon by the Odd Fellows.

"Mrs. Winslow"—she is a horse—of Limington, is matched to trot eighteen miles in one hour, the trial to take place at Forest City Park, Oct. 12 h, for a stake of $1200.

All our readers will note the inviting announcement by Mr. Jones, manager of the "People's Concerts," which series proved so popular last season. We learn that he is making liberal arrangements with the railroads and the Deering Horse Cars for the transportation of all ticket holders.

Mr. Eben Nutter of Cape Elizabeth, and another gentleman in Oxford county, have bought the saw mill at Lovell, and will add to its present capacity machinery for sawing hard wood staves for the shook business. This business will be carried on upon a large scale.

Among the fine pictures on exhibition at the late Fair was one of Willett's Bridge and Meadow, by Miss Eata S. Quincy of this city. Persons who are familiar with the locality pronounce it very truthful in color and drawing.

At the First Parish Church Sunday morning the handsome sum of $100 was contributed for the benefit of the Unitarian Society at Farmington. This sum is in addition to private subscriptions for the same society obtained by the personal efforts of Rev. Mr. Bailey.

About high water on Saturday a horse belonging to J. G. Dyer, truckman, backed off the wharf in the rear of Thomas block. A tackle was rigged on board a schooner close by and the horse and cart were fished out.

Bishop Neely and Rev. Mr Root leave this morning for Baltimore to attend the General Convention of the Protestant Episcopal Church which will assemble in that city on Wednesday, the 4th inst. The other deputies from this diocese are Revs C. S. Leffingwell of Gardiner, C. T. Ogden of Bath, W. H. Washburn of Aroostook, and Messrs. George E. B. Jackson of Portland, Henry Ingalls of Wiscasset, Jas Bridge of Augusta, and R. H. Gardiner of Gardiner.

Portland & Rochester Railroad.

We learn from the Rochester Courier that the Selectmen of that town have issued to the Treasurer of the Portland & Rochester Railroad, eight town notes of $5,000 each, making the $40,000 voted by the town for stock in the P. & R. road.

The business of this road is increasing rapidly. We are informed by the conductor that the road carried this week, on one train, over 40 passengers, ticketed through to Boston. The freighting business is also increasing in a corresponding ratio. Large quantities of goods, purchased in the interior of York County and in eastern New Hampshire, are passing over this road, which indicates that our merchants are already reaping a good harvest for the aid which the city has from time to time rendered. We are glad to learn that it is in contemplation to build a branch road to Bonny Eagle, and that the necessary funds are forthcoming. It is very desirable that the several trunk roads should throw out all the branches that can be built, and thereby contribute to build up localities in the vicinity of Portland, which also contributes to our prosperity. Let the work go on.

HIGH SCHOOL ALUMNI.—On yesterday, October first, occurred the Semi-Centennial anniversary of the establishment of the Portland High School, for on Monday, the first day of October, 1821, this highest of our city schools went into operation under the tuition of the late respected Master Joseph Libbey, who continued successfully in that position for about thirty years. The Alumni of the High School of Boston had a very fine celebration of the semi-centennial anniversary of that excellent school, in May last. And it has been thought by many of the alumni of the Portland High School, belonging to the several organizations that the interesting occasion ought not to pass by without at least some recognition taken of it. And accordingly, a notice is published in another column calling a meeting, at the common council chamber, of the alumni, which is in fact an adjournment of the meeting held in June last, together with the teachers, present and past, of the school, and the members of the Superintending School Committee of Portland, to recall old associations, relate former school day anecdotes, note the progress of the school between that time and the present, and to take "a new departure" for the future by establishing and putting into active operation at once, an association of the alumni of the school, which now bears among its widely extended virtual membership, many distinguished and rising men and women. It is hoped that there will be a large attendance, and that the occasion will be made very interesting. Rev. Dr. Shailer and other gentlemen have signified their willingness to be present and speak informally, as there has been no time or no organization fitting to arrange a more formal celebration of the semi-centennial of the High School.

RAILROAD ACCIDENT.—About 9 o'clock Friday morning, a collision occurred on the Boston and Maine Railroad, near Prison Point Bridge, Charlestown, between the locomotives "Mystic" and "General Sherman." It appears that the former machine was standing on a side track, at the time the Lawrence train was coming in drawn by the "General Sheridan." Just before the latter reached the junction of the tracks the locomotive "General Sheridan" came out of the engine house, running on the track where the "Sherman" was standing, and before the speed could be checked the "Sheridan" ran against the "Mystic," driving it forward to the main track, where it came in collision with the locomotive "General Sherman," bound in with the Northern train. The result of the smash-up was damage to the amount of $3,000 or $4,000 to to the engines, but luckily no one was injured. The obstacle was not removed until about half past twelve, at which hour a large number of inward trains resumed their way to the city. The detention also prevented the departure of the usual trains leaving between the hours above named. Persons on board the inward trains anxious to reach Boston came through Charlestown.

PLANTS AND FLOWERS.—We shall extend the premiums awarded at the recent show on the plants and flowers. The display by Joseph Dirwanger of this city, 459 Congress street, variety and beauty, as well as thriftness considered, we are assured, was the finest ever entered by one person in any of the exhibitions of the Horticultural Society, embracing as it did, over two hundred specimens. Among these were thirty varieties of the Caladium, so exquisite in the divers colors of their leaves. Also many varieties of the glaucascinia, a comparatively new flower to our neighborhood. His ferns numbered twenty-nine species, some of them very rare, and exquisitely beautiful. And the pitcher plant from the torrid regions of America, was an object of constant curiosity.—He had also two new Sanchezia, one new Cyanophyllum, one new Hybiscus, some rare beaths, lately imported, and many other comparatively novel plants.

DISTURBING PUBLIC WORSHIP.—Officer Benj. Gribben last evening arrested two boys named James Callan, 16 years old, and Geo Powell, 12 years old, for disturbing the worship in Allen Mission Chapel. The worshippers in this Chapel have been frequently disturbed by the outrageous conduct of boys who are old enough to know better; and we are glad they have commenced making arrests, and hope they will continue so to do and thus break up the practice pursued by a base gang of boys who gather around the Chapel for no other purpose than to disturb the devotions of those inside.

ACCIDENT.—On the arrival of the mixed train on the P. & R. railroad, at Bar Mills, Friday, at 4 o'clock, P. M., as Mrs. J. W. Junkins, a passenger, attempted to step from the rear platform of the rear car, the train suddenly started, precipitating her and her little boy upon the track, and dragging her a considerable distance over the sleepers by her clothing. Mrs. Junkins' arm was broken, and the little boy was badly bruised. Every attention was shown the sufferers by Wm. C. Palmer, the station agent, who carried them home and summoned Dr. Bradbury to attend to their injuries.

SEVERE ACCIDENT.—Saturday evening as a Mr. Richards of this city was riding on the Western Promenade in company with a lady, one of the axles broke and both parties were precipitated out of the carriage. The horse started to run, but Mr. Richards clung to the reins and was dragged on his back a considerable distance. His coat was torn to shreds and his other clothing somewhat damaged, but he was unhurt. The lady (Miss Crossman) was seriously injured, the brain being badly affected by the fall, and yesterday her condition was reported to be dangerous.

THE ROGERS SENTENCE.—The Boston Advertiser says of the sentence passed upon Rogers by Judge Shepley:

The sentence was just, and it is difficult to see how any considerations can be urged for a mitigation of the punishment of a crime so long persisted in. Maine has set a fine example to other States by her method of dealing with peculators upon the property of others. The Bowdoinham and Rockland bank robberies gave her an admirable opportunity to establish a reputation as a bad State for burglars, and, with no disposition to urge a course of undue harshness, we hope that no false ideas of clemency will prevent her from showing herself equally inhospitable to defaulters.

SUICIDE.—Mr. Henry Alden, of Gorham, a worthy and wealthy citizen, committed suicide early yesterday morning by hanging in one of his out buildings Mr. A. has been in a depressed mental condition during the past summer, and the act was done whilst aboring under temporary insanity.

LARCENY OF WOOD.—Special policeman Miles last evening arrested a lad named Ward for larceny of wood from the Grand Trunk yard. His mother, Beieget Ward, and Patrick Greeley were arrested Saturday by officers Staples and Miles for concealing the stolen wood.

PASSENGERS.—The total number of foreign passengers arrived at Portland for the quarter ending September 30, was 1508. Passengers not emigrants: male, 778; female, 414; total 1192. Immigrants: male, 195; female, 121; total, 316. All the male emigrants are registered as having some trade or skilled calling.

THEATRE.—Music Hall was well filled on Saturday evening, and the performance elicited frequent and hearty demonstrations of applause. The musical burlesque extravaganza of Jenny Lind was very finely presented. At each performance Miss Fanny Herring gains a stronger hold upon public favor. The drama of Jack Sheppard has always been a great favorite with our Portland theatre-goers, and we think that it is not too much to say that it was presented in a better manner on Saturday evening, than on any previous occasion in this city. The character of Jack Sheppard is a favorite one with Miss Herring, and in its assumption she is certainly without a rival. The spirit with which she endows the character is fairly captivating, and gives evidence of the possession of genius of the very highest order. Mr. L. P. Roys, as Joe Blueskin, gave a perfect impersonation of the character, while the same may be said of Mr. Harry Moreland, as Jonathan Wild, and Mr. Burton Adams, as Owen Wood. Miss Minnie Gray, as Winnifred Wood, looked as charming and acted as gracefully as usual.

This evening the beautiful drama of Rosedale, or the Rifle Ball, will be presented with new scenery, painted expressly for the occasion, and with correct properties and accessories. When it is remembered that this drama had an immense run at the Boston Museum a few years since, drawing crowded and fashionable audiences for a very long time, our theatre goers may rest assured that a rare treat is in store for them.

The drama is announced for two nights only, but if we do not greatly mistake, it will prove such a trump card for the management, that it will not be withdrawn for at least a week to come. At least, this ought to be the case.

Miss Fanny Herring will sustain the character of Rosa Leigh, while Mr. J. H. Huntley who, by the way, is a remarkably talented actor, will appear as Elliott Grey. The entire strength of the excellent company will be included in the cast. To add to the attractions of the evening, the orchestra, under the leadership of the great Muller, will perform the following choice music: Maurer and Schlosser, by Auber; Marriage Bells Waltzes, by Strauss; Fall Leaves Galop, by Operty, and Cookoo Polka, with Bird imitations, by Muller. We shall expect to see the hall filled with a large and fashionable audience, thereby showing that our citizens fully appreciate the enterprise and liberality of Messrs. Myers and Huntley, in catering so successfully to their amusement.

GOOD TEMPLARS.—A new Lodge of Good Templars was instituted at South Gorham (Parker's Corner), Saturday evening. The following officers were elected: G. M. Parker W. C. T.; Jennie McClellan, W. V. T.; J. F. Tapley, W. F. S.; C. W. Deering, W. T.; L. Moulton, W. M.; Emma Parker, W. D. M.; George Gustin, W. C.; James Harris, W. I. G.; S. Starbird, W. O. G; J. E. Brown, R. H. S; Mrs. G. M. Parker, L. H. S.

After the installation of the officers, remarks were made by Messrs. Dresser, Howland, and Lefavor of Portland, Freeman of Cape Elizabeth, and others. The Lodge have adopted the name of South Gorham Lodge, and start with 24 charter members.

STATION HOUSE.—Saturday night there were five persons confined in the lockup for drunkenness, two for drunkenness and disturbance, two for larceny of wood and bark from the Grand Trunk depot, two for receiving the same and two for an affray in the street. Total 13. In addition, four persons applied for lodgings and were accommodated.

Sunday, up to 10 o'clock, two have been brought in for drunkenness and disturbance, two for drunkenness, two for disturbing public worship and for larceny.

REMEMBER THE POOR.—The well known and useful Martha Washington Society, we understand, hold their usual annual gathering in the Reception Room of the City Building next Wednesday afternoon and evening, at which various articles of fancy and use will be for sale. Supper will be served from 6 to 8 o'clock, besides ice cream, &c., through the evening. Admittance will be free and we advise our generous citizens, now that winter is approaching, to give these ladies a visit with open hands and free purses.

SINGING SCHOOL.—On account of the Fair the opening of the evening Singing School of Mr. W. L. Fitch, for adults, has been postponed to Wednesday next, at 7 1-2 o'clock, at which time it will open at Mechanics' Hall.—All who are interested in the study of music, and who wish to learn to read music should attend this school.

MISCELLANEOUS NOTICES.

High School Alumni.

The adjourned meeting of the Alumni of the several organizations of the Portland High School, will be held at the Chamber of the Common Council, City Building, this (Monday) evening at 7 1-2 o'clock, to hear the report of the Committee on drafting the Constitution and By laws, and to act on any other business that may be presented. A full attendance is requested.

THE mind governs the muscles through the Nervous system, as the telegraph apparatus is influenced by a remote operator through the wire. If the mind is impaired by age or other causes, the sympathetic nerves become debilitated, and though the nerves the muscles of the Stomach, Liver, Heart, Lungs or Genital Organs become weakened, and disease in the form of Dyspepsia, Disease of the Heart, Weak Lungs, or General Debility follow with his accompanying trains of evil. Fellows' Compound Syrup of Hypophosphites restores tone to she mind, the nerves and the muscles. Inl this way it overcomes di-ease.

WHITTIER'S, junction Free and Congress streets is too well known to the citizens of Portland to require any commendation from us. The personal attention of Mr. Whittier is always given to the wants of his patrons, "a fair price and no advantage taken" is his motto and will be strictly adhered to as long as he carries on the business, with which for seven years past he has been connected.

☞ As our inclement winter approaches, all are interested in selecting a Boot or Shoe which shall best protect from the mud and damp encountered in waking, and at the same time meet the requirements of comfort, pliability and economy. The Cable Screw Wired goods, advertised to-day, meet all these requirements.

To the Editor of the Press:

Allow me to call your attention to an establishment in your city which is not wholly unknown, but which should be visited and patronized liberally, viz: George A. Whitney's (late Woodman & Whitney's) furniture establishment. It is on Exchange street, on the site of Writer Corey's old place of business. His stock of furniture, carpets, beds, mattrasses and furnishing goods is as nice as can be obtained in the city. His facilities for upholstering, painting and manufacturing furniture are unsurpassed. W. H. Sanborn, who has been in the furniture business here many years, is ready with his assistants to show any article in the furniture line that can be had in anycity. ☞

Great Fire in Chicago.

Loss $850,000—Several Lives Lost —Firemen Injured.

CHICAGO, Sept. 30.—A destructive fire broke out this afternoon in an immense brick building between the Chicago, Burlington & Quincey railroad track and 16th street, known as the Burlington warehouse, one part of which was used for the storage of merchandise and the other portion as a government bonded warehouse. In the first department were goods belonging to nearly 200 firms, valued at $800,000, which were all destroyed; while in the bonded warehouse there were goods worth $8,000,000, all of which escaped injury by reason of the thick fire wall. On the goods destroyed there is an aggregate insurance of $700 000. It is impossible to obtain the names of the sufferers or of the insurance companies. The fire was first discovered in a large lot of broom corn in the central portion of the building, belonging to Alberton & Bird. Fire extinguishers were immediately brought to bear upon it, but failed to arrest its progress and before the arrival of the steamers flames burst with terrible fury in every direction. The building was owned by S. M. Nickerson, President of the First National Bank. His loss is $50 000, which is covered by insurance. Chas Stevens, a truck driver, was burned to death, and it is feared three other men also perished in the flames, as they were seen in the midst of the fire where escape seemed impossible. Several firemen were also injured. The origin of the fire has not been ascertained. That portion of the building known as Burlington Hall, escaped destruction.

President Grant

arrived here this afternoon and will remain until Tuesday morning, when he will leave for Pittsburg en route for Washington. He is the guest of his brother while here.

NEW YORK.

NEW YORK, Oct 1.—The World says that the outcry of the Leader against Tilden's apprehended domination over the Democratic State Convention is quite unnecessary. The State committee has no control over the action of the Convention when its members are once assembled. The World believes that the convention must take some pronounced action on the action made against the Tammany leaders, but says whether that action shall be a simple resolution of censure, or the more decisive measure of excluding the Tammany delegation from their seats, is a question for the convention itself. Tilden has no power, and we believe no such wish, to gag the convention, or control its action by other means than arguments.

Proceedings Against Connolly.

Criminal proceedings have been instituted against Michael Connolly, register of the city, for alleged larceny. It is stated that he forcibly took papers from parties who verifying to a memorandu contained in his office as to sales of real estate, saying he supposed some reporter wanted to get at the real estate transactions of the ring, and he would allow no one to obtain surreptitious information from his office. When the return of the papers was demanded, Connolly said he had burned them. He subsequently admitted the possession, but did not give them up. Warrants for a search of the register's office and for the arrest of Connolly have been issued.

Tweed, who was interviewed yestdrday, says that the department of public works has money enough to meet all liabilities for a long time to come.

It appears that Ingersoll has really been served with a summons in a suit for the recovery of $6,000 000 belonging to the tax payers, alleged to have been fraudulently obtained during 1869 and 1870. He is to appear for examination before Judge Barnard, on Tuesday.

Some park laborers met at a hall on 53d St., last evening, and listened to a speech and adopted resolutions in favor of the Democratic party purged of unworthy members who committed crime against the city and disgraced the party.

At a meeting of the trades unions delegation last evening, Mr. Elliot spoke in favor of cutting loose from existing political parties and having a ticket of their own. He denounced the political corruption of the city authorities and endorsed the action of the committee of seventy. A motion for a committee to arrange a mass meeting to nonfusion candidates was postponed.

Address of the Young Democracy.

An address from the committee of the Young Democracy to the electors, signed by Joseph Blumenthal, Roswell D. Hatch, Thos. A. Ledwith, and others, appears in print. It announces to again unfurl the banner of political reform and invite the co-operation of all sincerely opposed to fraud and corruption and to drive bold, bad men who plundered and disgraced us from power and place. The address promises unceasing effort to rid the service of the city of rogues and plunderers, and closed as follows:—"Down with the ring! No more of Oakey, Hall and Connolly! No more swindling and stealing! Down with Sweeney, Tweed, Connolly, Hall, and their ring aimes. Honesty, incorruptability and character must be the tests of political preferment."

The Royal Visitor.

The arrangements for the reception of the Russian Grand Duke Alexis are completed. Thirty committees of leading citizens are at work. The programme is that the yacht fleet escort the imperial squadron up the bay. The Grand Duke lands at the Battery and will be escorted to the Clarendon Hotel by the 1st division of National Guard. The time for the public reception is unfixed. It is thought Alexis will proceed immediately to Washington to tender his respects to the President. There will be a reception ball in the Academy of Music, visits to the navy yard and public institutions, drives to Jerome and Central Parks, a grand review of the first and second divisions of New York and New Jersey militia, a torch light procession of the fire department and an excursion up the Hudson to West Point.

Among the passengers by the steamer City of Paris were Bishop McIlvaine of Ohio, Miss McIlvaine, also Dr. Hawson, Dean of Chester, Eng., wife and daughter.

WASHINGTON.

WASHINGTON, Oct. 1.—Secretary Boutwell has returned.

Information reached here from Yorkville, South Carolina, that several days ago, under the warrants issued by the United States Commissioner sight or more of the persons were arrested on the charge of having whipped a negro woman in May last. After the investigation they were required to give bail in $2000 each for their appearance in the U. S. Court, in Columbia, in November. Other arrests will be made under the Ku Klux law. At last accounts the prisoners were not bailed.

WEST VIRGINIA.

Several Persons Killed by the Fall of a Bridge.

WHEELING, Oct. 1.—A frightful accident occurred this afternoon. One of the cables of the old suspension bridge, leading from the foot of 6th street to the Crescent iron mill across Wheeling Creek, broke with nine persons on the bridge, six of whom fell about thirty feet. Thomas Callghin and James Kline were killed and Albert Coyle has since died. Albert Elliott, Joseph Hayne and one or more of them will probably die. The other three fortunately clung to the other cable and got off. The bridge has been an unsafe structure for some time and was closed by order of the city council, but the employees of the iron mill had removed the obstruction for their convenience.

NORTH CAROLINA.

The Ku-Klux Outrages.

RALEIGH, Sept. 30.—The case of the United States against Peter Baxter and six others was called this morning. The defendants are charged with committing outrages upon Mooney, a carpenter, because he permitted a colored woman, engaged in teaching a colored school, to live on his premises. Defendants came into court and pleaded guilty. Judge Bond reserved his decision.

VIRGINIA.

Riot at Danville—The Military Called Out.

RICHMOND, Sept. 30.—A special despatch to the Enquirer says that a riot occurred this evening, in Danville, from an attempt on the part of a mob of negroes to secure a negro from arrest. After a futile effort on the part of the mayor to disperse the mob, the military was called out, the riot act read twice, stones being thrown at the mayor; and the military was ordered to charge bayonets on the mob. One of the most turbulent of the mob was bayonetted. A policeman was shot by some unknown person. Great excitement prevails. The stores are closed and people here have been ordered to their homes.

MISSOURI.

Extensive Robberies.

ST. LOUIS, Sept. 30.—The Southern Hotel safe was robbed of $3500 this afternoon.

The Atlantic & Pacific railroad company lost a large amount of goods from their freight trains during the past summer, and no clue could be obtained to the thief until last Saturday night, when J. P. Morrison, formerly engineer on the road, was detected robbing a car at Dixon. The Morrison House at Holden was searched and a considerable property of different kinds was recovered.

OHIO.

Municipal Election.

CINCINNATI, Sept 30.—The election to-day passed off quietly. K. J. Morris was re-elected Mayor by a decisive majority. The Morris administration has paid off nearly half a million of the debt, and the people retain him in office for future good services.

VERMONT.

A New Railroad.

RUTLAND, Oct. 1.—The last rail of the Addison railroad was laid Saturday afternoon in the presence of several prominent railroad gentlemen. The cars run over the ferry bridge from Larrabee's Point to Ticonderoga, across Lake Champlain. The road will open for business December 1st.

KENTUCKY.

Surrender of a Murderer.

KNOXVILLE, Sept. 30—Col. Nelson, who killed Gen Clanton, gave himself up to the authorities to-day and furnished bonds to the amount of $25,000 to answer the charge.

METEOROLOGICAL.

Synopsis of Weather Reports for the past Twenty-Four Hours.

WAR DEPT, OFFICE CHIEF SIGNAL OFFICER, Washington, D. C., Oct 1, (7.30 P. M.)

The area of highest barometer, which was on Saturday p. m. between the Ohio Valley and South Atlantic coast, is now confined to the latter States, and the pressure has commenced to fall slowly in the northwest. The pressure has fallen slowly in Florida and still more so in Texas. Brisk northwesterly winds have continued in Southern Florida with clearing weather and easterly winds, with clouds and rain in the Texas coast, which has extended northward into the interior. Light winds prevailed on the Atlantic coast, with a general tendency toward the southeast this afternoon. Southeasterly winds continued north and west of the Ohio valley, veering this afternoon to the southward with increasing cloudiness. The temperature remains stationary in the eastern States, Gulf coast and northwest; elsewhere it has risen somewhat since Saturday afternoon.

Probabilities—The barometer will probably fall on Monday very generally east of Mississippi, with partially cloudy weather from Tennessee and Georgia to lower Lakes, and from New England, and cloudy weather, fresh southerly winds from Missouri to the upper lakes. Clouds and rain will probably extend from Louisiana and Texas to Missouri and Kansas.

A Newport Romance.

BY BRET HARTE.

They say that she died of a broken heart
(I tell the tale as 'twas told to me.)
But her spirit lives and her soul I part
Of his sad old house by the sea.

Her lover was fickle and fine and French;
It was nearly a hundred years ago
When he sailed away from her arms—poor wench—
With the Admiral Rochambeau.

I marked much what persuasive phrase
Won the heart of this sentimental Quaker,
As we sat, gold-laced speech I those maidish days
She listened—the latchet take her!

But she kept the posies of mignonette
That he gave, and ever as their bloom faded
And faded though with her tears still wet)
Her youth with their own exhaled.

'Tis one night, when the sea-fog wrapped a shroud
Round spar and sail, rock and rain and tree,
Her soul went up on that lifeless cloud
From this sad old house by the sea.

And ever since then when the clock strikes two,
The wake unbidden from room to room,
And the air is filled that she passes through
With a subtle, sad perfume.

The delicate odor of mignonette,
The ghost of a dead and gone bouquet,
Is all that she leaves of her story yet
Could she think of a sweeter way?

* * * * * * *

I sit in the sad old house to-night,—
Rose flag lost from a further sea—
And I trust that this Quaker woman might,
In courtesy, visit me.

For the laugh is fled from the porch and lawn,
And the bugle-call from the fort on the hill,
And the voice of girls on the stairs is gone,
And the grand piano is still.

Somewhere in the darkness a clock strikes two,
And the house is as still as the sad old house,
But there on verandah dripping with dew,
And in the walnut a mouse.

The light of my study-lamp streams out
From the library door, but has gone astray
In the depths of the darkened hall. Small doubt
But the Quakeress knows the way.

Was it the trick of a sense o'erwrought
With outward watching and inward fret?
But I swear that the air just now was fraught
With the odor of mignonette!

I open the window and peer almost—
So still lies the ocean—to hear the beat
Of its tireless Gulf artery off the coast,
And to bask in its tropic heat.

In my neighbor's windows the gas-lights dare
As the dancers swing in a waltz of Strauss,
And I wonder how could I tell that air
To the song of this sad old house.

And no odor of mignonette there is
But the breath of morn on the dewy lawn,
And maybap from cause as slight as this
The quaint old legend is born.

But the soul of that subtle, sad perfume,
Which its sweet emotion brings, they say, outlast
The mummy laid in his rocky tomb,
Awaking my twilled past,

And I think of the passion that shook my youth,
Of its pain and its joys and its idle pains
And am thankful now for the certain truth
That all the sweet remains.

And I care no more for a stiff brocade,
And I see no place at the Lenten dance
For one that is given of my heart are laid,
She is viewless, intervening.

But whether she comes as a faint perfume,
Or whether a spirit in stole of white,
I do not think that the maiden of my soul
She has been with me a while to-night!

NOTICE

Redemption of 5-20 Bonds of 1862

TREASURY DEPARTMENT,
September 1, 1871.

BY virtue of the authority given by an Act of Congress approved July 14, 1870, entitled "An Act to authorize the refunding of the national debt," I hereby give notice that the principal and accrued interest of the bonds hereinafter designated, known as five-twenty bonds, will be paid at the Treasury of the United States, in the City of Washington, on or after the first day of December next, and that the interest on said bonds will cease on that day. That is to say, Coupon Bonds known as the first series, Act of February 25, 1862, dated May 1, 1862, numbered as follows:

1 to 36699, inclusive,	of $50 each,	
1 to 43572,	"	100 "
1 to 4001,	"	500 "
1 to 7404,	"	1000 "

And Registered Bonds of the same Act—

1 to 595, inclusive,	of $50	"
1 to 4103,	"	100 "
1 to 1889,	"	500 "
1 to 6905,	"	1000 "
1 to 2965,	"	5000 "
1 to 2906,	"	10000 "

The amount outstanding (embraced in the numbers as above) is one hundred million ($100,000,000) dollars.

Coupon Bonds of the Act of February 24, 1862, were issued in four distinct series, bonds of the first series (embracing those described above) do not bear the series designation upon them, while those of the second, third and fourth series are distinctly marked on the face of the bonds.

United States securities forwarded for redemption should be addressed to the "LOAN DIVISION," Secretary's Office.

J. F. HARTLEY,
Acting Secretary.

PELEG STAPLES,

Agent for the State of Maine and New Brunswick.

Agents wanted in every town in the State.

It has been about one year since the University Medicines was introduced into this State. Notwithstanding the strong opposition from the profession and their particular friends, the sales have increased from nothing until they have reached $200 per day. Hundreds of certificates can be produced if necessary, or cases cured in Portland and vicinity. Many who were consumed incurable are now enjoying good health.

CATARRH (the mother of consumption), Scrofula, Salt Rheum, and many other diseases hitherto considered incurable, readily yield under treatment at the University Medicines.

FEMALE DISEASES treated with perfect success. Having treated over two hundred cases within the last three months, I consider it safe to warrant a perfect cure to 50 cases out of every one hundred, or at the center action of the least expense.

SPERMATORRHŒA, the greatest destroyer of humanity on the face of the globe. How many have felt the loss of precious vitality without having the slightest idea of the cause, Peleg Staples is daily vanishing and they are sinking into a state of hopeless decay. I have treated over five hundred cases of this malady within six months with the University Medicines with perfect success.

Persons afflicted with diseases will please call or send and get a book (free), wherein they will find their diseases explained, and necessary remedies.

Certificates of Cures.

I have been troubled with Scrofula all my lifetime and Neuralgia in the head for seven years and have consulted good physicians from Maine to New York without any benefit whatever. I have taken six bottles of the cancer plant and one and one-half of the Neuralgia Elixir, and a little of some other kinds and I now feel better than I was before in my life. I cannot say with Mr. Munsey, that I feel twenty years younger, being only twenty eight, but can say I never felt so young to my knowledge in my life.

I think the worth of the Medicine cannot be estimated in words or money.

MRS. A. O. W. FOSTER, Wilton, Me.

Cases Treated by Letter.

DR. STAPLES:—Use bottle of your extract of Cancer Plant cured my little boy of Scrofula of 15 months standing. If I should write all say I could not give a tenth part of his sufferings. We employed five physicians without relief. His sores are healed and he appears perfectly well. We think it is a wonderful cure. Several of our friends are taking the medicine with good success.

MRS. WM. J. LEWIS.

Old Town, Sept. 17, 1870.

SOUTH PARIS, Feb. 2, 1871.

DR. STAPLES—Dear Sir:—The medicine I got at your place, Jan. 24, has done wonders for me. It is all you recommend it to be.

You may make any use of the above you think proper. Yours truly,

SETH MORSE.

The above case has been treated for the past four years by different physicians for cancer.

This may certify that I had been suffering with the "Rhumatism" for five months, and at that time it seized my right hip and leg, down to the foot. I tried the physicians called "Specials." I tried many kinds of highly recommended medicines which I took for the blood. Still I got no relief for seven months here, at the time doing my best, with as good advisers as we have in our city. Finally I called at the New York University Branch, and the proprietor said he could help me. So I commenced on his medicine, and in four weeks I thought I felt relief, and in eight weeks I was able to leave my cane at home and have been well up to this time, three months have passed.

DAVID KEAZER.

Portland, Aug. 20, 1870.

I have been afflicted for twenty years with Chronic Rheumatism. I have spent hundreds of dollars for medical treatment without benefit. Ten days ago, I commenced taking the University Medicines, and I can truly say it has been more benefit to me than all other treatment I ever received. My place of business is 137 Pearl street. I shall be pleased to answer all enquiries.

JOHN TURNER.

As certain individuals have reported tha the above certificate is false and my disease as trifling as ever, I wish to say, at the time I gave the above certificate, the story was not half told. In addition to the above, my leg and back were covered with sores. I am now well and feel at least twenty years younger than I did before taking the remedies.

My advice to the afflicted is to give the medicine a trial and not to be deterred by the cry of humbug. It cured me, it has cured many others. I believe the extract of cancer plant will cure any blood disease in existence.

June 7, 1870.

For fifty years I have been troubled with Scrotula. Some fifteen years ago a fearful ulcer broke out on my leg. Three months ago it had extended from the ankle joint nearly to the knee. I could not move without great pain. In this condition I commenced taking the University Medicine.

At first it drove out a fearful humor all over me. In a few days the tumor began to subside, and the ulcer is now healed and I feel like a new being.

ELIZABETH CHAMBERLAIN, 38 Chestnut-st. Portland, Aug. 30.

For twenty-five years I have suffered with Scrotula and Salt Rheum, (or Tetter.) Have paid out hundreds of dollars, and been treated by several first-class physicians without benefit. Some four weeks ago, I commenced using the University Medicines—At the time my forehead and head were covered with sores and scalliness of the skin; also my tongue was covered with small ulcers. I am to-day free from all the above troubles, and can heartily recommend these medicines to the afflicted.

S. C. MUNSEY, 27 Chestnut Street.

Portland, Jan. 24, 1870.

I had the Catarrh so bad for seven years that my head became confused and painful. I was obliged to get up several times in the night to keep from choking. I employed some of the best physicians in the country without benefit. I was perfectly cured with the University Medicines in three weeks.

A. M. MORGAN, 224 Cumberland St. Portland. Conductor on the Portland & Odgensburg Railroad.

February 18, 1870.

Since giving the above certificate, I have been perfectly free from Catarrh, though I have been continually exposed to wet and colds.

June 10, 1870. A. M. MORGAN.

A REMARKABLE CURE!—I have been troubled with a bad Scrotula Humor all my life. A fearful sore broke out on my neck. For six months I was under treatment of the best medical advisers I could find in Portland, but all the time grew worse; my appetite failed and I became so weak and emaciated that I could walk but a short distance without help. In this condition I commenced taking the University Medicine. In one week my appetite was good and the deathly sinking pain in my stomach vanished. In two months my sore was healed. I have since gained fifty pounds in weight and am now every way well.

HENRY D. TODD, Tolman Court.

Portland, Jan. 20th, 1871.

About a year ago, I was so badly affected with Kidney Disease and general debility, that I could scarcely attend to my business. I took a few bottles of University Medicine, and have been well up to the present time. CHAS. E. DUTTON,

Store 312 Congress St., Portland.

I was afflicted with sciatica for three months most of the time so badly that I could not pull off or put on my boots and stockings, and in order to pick up anything from the floor had to get down on my knees, and then could not lift five pounds in the position. By using the University Medicines I was cured. O. O. NEWHALL,

Firm Gosse, Newhall & Co., Printers, Cor. Exchange & Middle Sts., opposite Marble P. O. Portland, Dec. 13, 1870.

For three years I was badly afflicted with Asthma, Catarrh, and a fearful consumptive cough.

I was perfectly cured with the University Medicines in six weeks. For the past two months I have been continually exposed to wet and cold, without the least return of symptoms of the above diseases.

CAPT. A. CLEAVES.

Cape Elizabeth, June 3, 1870.

GORHAM, Maine, Aug. 18, 1870.

Dr. Staples—Dear Sir:—Without solicitation on the part of any person, I, of my own free will and accord give testimony to the virtue of your medicines.

I have suffered extremely with the *Bleeding Piles* and Catarrh for ten years. My memory, sight and hearing were failing from the effect of them. I felt last spring that I must resign my calling.

I have taken two bottles of the "Pile Extract," two of the "Extract of Cancer Plant" and one bottle of "Catarrh Specific." It has done wonders for me. I am a new man. I feel as though I have found a sure cure at last.

Yours Truly, JOHN COLLINS,

Pastor of the M. E. Church, Gorham, Me.

I guarantee the above certificates to be genuine, I will forfeit $1000 to any one that will find them otherwise.

Persons having doubts will please address the parties

THE

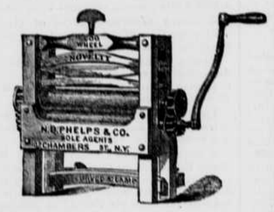
Novelty Clothes Wringer.



Nothing except the Sewing Machine, has ever been invented which so much relieves the labor of the household as the Wringer. But its usefulness does not end here. The Novelty is a Clothes Pin of much greater importance. It holds firmly articles of fine texture, just twice as long when wrung in a Wringer as when wrung by hand. The NOVELTY has Cog wheels on both ends. * * * Both are allowed to separate freely at either end. These, besides other advantages which it contains, seem to be indispensable to a practical wringer.—*New York Independent.*

The Novelty Wringer. Has become an indispensable institution in thousands of families. And we believe its great and increasing popularity is fully merited—for the Novelty evidently possesses all the requisites of a first-class, practical machine. Indeed after using one for many months in our family, we are prepared to indorse the Novelty as unsurpassed (the humless sway unequaled), by any of the several rival wringers previously tried.—*Moore's Rural New-Yorker*

MEDICAL.

DR. J. B. HUGHES,

CAN BE FOUND AT HIS

PRIVATE MEDICAL ROOMS

No. 172 Cumberland Street,

WHERE he can be consulted privately, and with the utmost confidence by the afflicted, at hours daily, and from 8 A. M. to 9 P. M.

Dr. H. addresses those who are suffering under the affliction of private diseases, whether arising from impure connection, or the terrible vice of self-abuse. Devoting his entire time to that particular branch of the medical profession, he feels warranted in GUARANTEEING A CURE IN ALL CASES, whether of long standing or recently contracted, entirely removing the dregs of disease from the system, and making a perfect and PERMANENT CURE.

He would call the attention of the afflicted to the fact of his long-standing and well-earned reputation furnishing sufficient assurance of his skill and success.

Caution to the Public.

Every intelligent and thinking person must know that remedies handed out for general use should have their efficacy established by well tested experience in the hands of a regularly educated physician, whose preparatory studies fit him for all the duties he must fulfil; yet the country is flooded with poor nostrums and cure-alls, purport so to be the best in the world, which are not only useless, but always injurious. The unfortunate sees the PARTICULAR in seeking his physician, as it is a lamentable yet incontrovertible fact, that many syphilitic patients are made miserable with ruined constitutions by maltreatment from inexperienced physicians in general practice; for this point generally conceded by the best syphilographers, that the study and management of these complaints should engross the whole time or those who would be competent and successful in their treatment and cure. The inexperienced general practitioner, having neither opportunity nor time to make himself acquainted with their pathology, commonly pursues one system of treatment, in most cases making an indiscriminate use of that antiquated and dangerous weapon, the Mercury.

Have Confidence.

All who have committed an excess of any kind he let it be the solitary vice of youth, or the flinging rebuke of misplaced confidence in maturer years,

SEEK FOR AN ANTIDOTE IN SEASON.

The Pains and Aches, and Lassitude and Nervous Prostration that may follow Impure Connection are the Barometer to the whole system.

Do not wait for the consummation that is sure to follow; do not wait for Unsightly Ulcers, for Disabled Limbs, for Loss of Beauty and Complexion.

How Many Thousands Can Testify to This by Unhappy Experience!

Young men troubled with emissions in sleep,—a complaint generally the result of a bad habit in youth,—treated scientifically and a perfect cure warranted or no charge made.

Hardly a day passes but we are consulted by one or more young men with the above disease, some of whom are so weak and emaciated as though they had the consumption, and by their friends are supposed to have it. All such cases yield to the proper and only correct course of treatment, and in a short time are made to relume in perfect health.

Middle-Aged Men.

There are many men of the age of thirty who are troubled with too frequent evacuations from the bladder, often accompanied by a slight smarting or burning sensation, and weakening the system in a manner the patient cannot account for. On examining the urinary deposits a ropy sediment will often be found, and sometimes small particles of semen or spermen will appear, or the color will be of a thin milkish hue, again changing to a dark and turbid appearance. There are many men who die of this difficulty, ignorant of the cause, which is the

SECOND STAGE OF SEXUAL WEAKNESS.

I can warrant a perfect cure in such cases, and a full and healthy restoration of the urinary organs.

Persons who cannot personally consult the Dr., can do so by writing, in a plain manner, a description of their disease, and the appropriate remedies will be forwarded immediately.

All correspondence strictly confidential and all letters answered, if desired.

CORNS, CORNS!

Life has its temptations, sorrows and trials, and the greatest of all, although not dangerous, yet will be readily admitted, that Corns, Bunions, Ingrowing Nails and other ailments of the feet are a source of great annoyance. In Corns you suffer, and die at them, at every changing atmosphere they will still send their piercing darts north like basilics of lightning in sharp, piercing, and unrelenting pain. They are not a question to a great degree than other affections. Dr. J. Briggs, the well-known Chiropodist has produced safe and reliable remedies, Alleviator and Curative. Sold by Druggists.

PILES, PILES,

are very common affection, there being but few persons who are not troubled with them at some period of their life. The disease exists in small tumors in the rectum or about the anus, which are divided into, first, those which are owing to a distended state of the veins of the part, and second, those which present the character of a solid tumor. When the tumors are within the rectum, they are called internal piles; when without, and around the anus, external. When they discharge blood they are called bleeding piles; and when no blood appears, blind piles; and excessive itching about the anus, itching piles. *Nothing equals BRIGGS' PILE REMEDIES for their cure.* Sold by Druggists.

HEADACHE, &c.,

HEADACHE.—There is in every class of society vast numbers who suffer with Headache Neuralgia from various causes. Over excitement of the nervous system, dissipation in eating or drinking, a general unhealthy condition of the stomach or liver, constipation, &c. In most there are nearly as many causes as sufferers. Dr. J. Briggs' Alleviator is a pleasant and positive remedy for the various kinds of Headache Neuralgia.

This wonderful remedy has gladdened many a sad and weary heart, and is still on its mission of mercy.
